DEAD LINE JUNE 6 FOR FILING NOTICE

Candidates for State Senate Have Three Days

MEETING LAST NIGHT

Senatorial Committee Decides Primary Law Will Govern Contest in Fourteenth District.

The democratic senatorial committee for the fourteenth senatorial district at a meeting held in this city yesterday afternoon adopted resolutions that the primary election law for the nominaton of a democratic candidate for the state senate from the fourteenth senatorial district, comprising the city of Alexandria and the counties of Alexandria, Fairfax and Prince William be operative.

The resolutions also set forth that any person intending to become a candidate for the office shall comply with the requireemnts and shall file on or before June 6 all requisite papers with Charles Bendheim, this city, chairman of the committee.

So far as known the only avowed candidate for the oeffie is Walter T. Oliver, of Fairfax county. The names of several others have been mentioned although they have made no formal announcement of their candidacy thus far.

At the meeting here yesterday afternoon Chas. Bendheim was chosen chairman and Walter U. Varney secretary.

PLUNGE OVER HIGH CLIFF

Drop of 175 Feet Smashes Machine to Bits, But Occupants Are Not Seriously Hurt

Wilkes-Barre, Pa., June 3.—Four men and an automobile went over a 175-foot embankment at Scottdale Sunday, and while the machine was smashed to kindling wood, the four men are alive and none is seriously hurt.

The machine was traveling at fair speed when the steering gear broke ,the automobile crashing through a light guard rail at the top of the high embankment. Over and over went machine and men, until near the bottom, when the car jumped into space and came down a net of telegraph wires, thus breaking the force of the fall. Then it fell down on the tracks, breaking the car into bits. When railroaders reached the scene they found the four men sitting up, cut and bruised, but none seriously hurt.

CONTEMPT DECISION VALID

Supreme Court Sustains Judgment Against Newberry's Managers

Washington, June 3.—In contempt proceedings in New York, growing out of the Ford- Newberry Senatorial contest in Michigan, the Supreme Court yesterday sustained contempt judgments against Newberry's campaign managers. In disposing of appeals brought by the Government, the Supreme Court upheld Federal Court decrees dismissing an indictment charging Colgate & Co., manufacturers of toilet articles, with violating the Sherman anti-trust act.

SUCCESSFUL TRIP OF GUNSTON HALL

Ship Returns From First Voyage to Kent Island

OFFICERS GRATIFIED

Big Freighter Soon Will Be Turned Over to Barber Steamship Line—First Ship Built by Company.

The big steel freighter Gunston Hall returned shortly before 8 o'clock last night from her first trial trip which was eminently satisfactory.

The Gunston Hall went as far as Kent Island, opposite Annapolis.

The steamship was in charge of Capt. Mitchell and Pilot Gibson.

This boat will withn a short time be turned over to the Barber Steamship Company to which company it was alloted by the Shipping Board.

Those who made the trip aboard the ship report that there was no mishap of any character, all of the machinery of the new boat working in splendid shape.

The Gunston Hall is the first ship constructed at the plant of the Virginia Shipbuildingf Corporation and it is certainly a credit to that company.

Finishing touches are now being put on the Betsy Bell which was launched at the company's yards May 24.

This company has a contract for twelve steel ships of smilar pattern to the Gunston Hall. After they are completed they will continue building ships for private corporations. Contracts for many ships already have been completed by this concern.

PERU STRIKE WANES

Situation In Lima Is Rapidly Returning to Normal

Lima, Peru, June 3.—The situation arising from the strike is rapidly returning to normal here and it is believed that the most of the industries affected will resume operations immediately.

The foreign colony is aroused by the summary arrest of Charles Southwell, owner of an old established British printing firm who was seized on Wednesday night and charged with printing seditious articles contained in a publication edited by Peruvan University students.

Three Men and Two Women in Auto Hit at McDougall, N. Y.

Syracuse, N. Y., June 3.—Five automobile tourists were killed late yesterday when their machine was struck by the Black Diamond Express on the Lehigh Valley Railroad at McDougall 10 miles south of Geneva. The party comprised three men and two women. None of the victims has been identified.

One of the victims is believed to be Arthur N. Thomas, of Washington, D. C., said to have been employed for five years in the Library of Congress He was on his way to his farm at Adams, N. Y.

CALLED MEETING OF ALDERMEN

Upper Board of Council Amends Six Sections

LOWER BOARD TO ACT

Representative of Telephone Company and Gardner L. Boothe, Its Counsel, Address Board.

Six members attended the called meeting of the Board of Aldermen last night. The meeting was for the purpose of taking action upon the license law for the present year which had been adopted by the Common Council.

R. J. Eby, tax agent of the Chesapeake and Potomac Telephone Company, and Gardner L. Boothe, counsel for the company, were present for the purpose of protesting against a tax of one dollar upon every pole used by the company in the city of Alexandria.

Mr. Eby was given permission to address the board He stated that the company he represents already pays heavy taxes to the city apart from the license tax of $100 and that the imposition of an additional tax of one dollar upon each pole used by the company would be a heavy and unjust burden, as the company uses many poles jointly with the telegraph company which already pays taxes upon their poles.

Mr. Boothe followed upon similar lines. He also stated that he is counsel for the Corby Baking Company, situated in this city, and that the impositio nof a tax of $100 upon that company and placing $25 upon the wagons of non-resident bakeries was giving the latter an unfair advantage.

Section 82, providing for taxes on bakeries, when it came from the Common Council read as follows: "Steam bakery $100. Bakeries other than steam $25 and $5 on each wagon or conveyance in excess of one. Non-resident bakeries $25 on each wagon or vehicle." As amended by the Aldermen it reads as follows: "$25 Steam bakeries $100. Bakeries other than steam $25. Non-resident bakeries $50 on each wagon or vehicle."

Section 24 was amended so as to read "Shoeshining parlors $15. Shoeshining street stands $7.50.

Section 71 provided for a license tax of $25 upon a hand laundry. It was increased to $50.

A tax of $25 had been levied upon agents, collectors and distributors of non-resident laundries. This was increased to $50.

Section 97 was amended to eliminating the tax of $1 upon each pole used by a telephone company.

The board subsequently adjourned.

TROOP NO. 2 BOY SCOUTS WILL MEET TONIGHT

The Hon. Wm. G. McAdoo, chairman of the National Committee for "Boy Scout Week," has issued the following in regard to the objectives for "Boy Scout Week" from June 8th to June 14th:

First, definitely to recognize nationally, by some suitable program, the value of the Boy Scout Movement an despecially the achievements of the Boy Scouts nationally and locally during the war.

Second, bring to the attention of the citizenship of each community the vital facts with reference to its boyhood.

Third, interest churches, schools and other organizations which have a point of contact with boy life so that there will be organized wherever possible, troops of Boy Scouts.

Fourth, give to men, especially returning soldiers and sailors qualified to act as Scout leaders, an opportunity to further serve their country by enlisting as Scoutmasters, Members of Troop Committees and Members of Local Councils.

Sixth, Vitalize Scouting in cities of 25,000 inhabitants and over, and in county districts of approximately 25,000 and over, so as to bring about the organization of a council of the first class with the necessary financial resources to adequately provide for the boyhood of the community through the Boy Scout program.

A meeting of Troop No. 2 will be held in this Lyceum at 7 o'clock tonight.

YOUTH DROWNED

Colonial Beach, June 3.—The first death from drowning this season occurred here Sunday.

John Rodgers, twenty-one years old, who lives at Robbins Grove, was drowned when he fell off the new excursion pier. Being a poor swimmer, Rodgers was unable to save himself. Several canoes and rowboats were immediately put out when Rodgers fell into the water, but to no avail.

It was not until twenty minutes later that Rodgers' body was found by Blanchard Robey, of Washington who dived into the water, after it Rodgers was employed at Indian Head.

R. E. Lee Camp, Confederate Veterans, at its monthly meeting held last night adopted resolutions of thanks to Miss Blanche Rotchford for her splendid work in furnishing a choir for the annual memorial services of that camp held May 24; to Duncan Brothers for furnishing vehicles for the veterans to go to the cemeteries of the city on that day; to the commandant at Camp Humphreys for sending o Alexandria a firing squad to fire a salute, to Rev. Dr. E. V. Beester for opening the Young People's Building on that evening for holding the services, to M. W. O'Meara for the use of an organ and also to all others who in any way contributed to the success of the services.

MANY HOMES ARE BOMBED

Residence of Attorney General A. M. Palmer is Shattered

BOMBER ONLY KILLED

Residences of Mayor of Cleveland, Ohio, and Municipal Judge of Roxbury, Mass., Dynamited Last Night

A. Mitchell Palmer, Attorney General of the United States, and former Alien Property Custodian, miraculously escaped death with his family at 11:05 this evening when a bomb shattered his residence at 2132 R street northwest, Washington.

When police reserves arrived at the scene they found one unidentified man dead in the ruins. The explosion which was heard throughout the city, broke hundreds of window panes in the neighborhood.

Two pistols carried by the anarchist were shattered by the explosion. The police found many pieces of them.

An Italian dictionary, found across the street from Attorney General Palmer's residence, the police believe, may prove an important clew.

Senator Claude A. Swanson, who lives two doors from Attorney General Palmer, at 2136 R street, was startled from his bed by the explosion, and was one of the first on the scene. He congratulated Palmer on his escape.

A cordon of police was thrown around the block in which the Palmer residence is situated immediately on the arrival of the reserves.

The home of Harry L. Davis, mayor of Cleveland, and the home of a judge in Pittsburgh were dynamited shortly after midnight this morning. Several Catholics churches in Pennsylvania and New England are reported to have been damaged by bombs.

Boston, June 2.—The home of Justice Albert F. Hayden, of the Roxbury municipal court, at 11 Wayne street, was severely damaged by an explosion of unknown origin shortly before midnight tonight.

No one was in the house at the time, the judge and his family being at their summer home at the seashore.

GET LONG TERMS IN PRISON

Ten Years for Strong-Arm Seaman and Five for Sirens Who Lured Victim

Wilkes-Barre, Pa., June 3.—Earl Norman, a sailor, and Mabel Smith and Ethel Myers, Scranton girls, who conspired to rob Joseph Berger, of Nanticoke, of a small sum of money, were severely punished by Judge John M. Garman, when they pleaded guilty in his court yesterday. Sailor Norman was sentenced to pay a fine of $100 and to serve not less than seven nor more than ten years in the penitentiary.

The girls were sentenced to serve five years each in the county jail.

Berger displayed a roll of bills in a saloon. The girls saw it and told the sailor. It was decided that the girls should lure Berger to an alley, where Norman struck him over the head and took the money.

WOULD BUY CAPE COD CANAL

Asks Congress to Appropriate $10,000,000

Washington, June 3. —Secretary Baker yesterday asked Congress for legislative authority and an appropriation of $10,000,000 for the immediate purchase of the Cape Cod canal. Action by Congress was necessary, he said, so that canal might be acquired without waiting the result of pending condemnation proceedings.

Washington, June 3.—The American Naval seaplane NC-4 which arrived at Plymouth, England, Saturday, thereby completing the first transatlantic flight, will not attempt a non-stop or any other kind of a flight back to the United States, Secretary Daniels said yesterday. The seaplane will be disassembled and shipped to this country.

JOINT MEETING FRIDAY

Will Map Out Plans for Legislative Primary

A joint meeting of the democratic committee of this city and Alexandria county will be held next Friday night at the office of Howard W. Smith when plans will be completed for a democratic primary for the purpose of nominating a candidate for the state legislature to represent this city and Alexandria county in that body. The city committee held a meeting last night and arranged for the joint meeting.

STRIKERS TEAR DOWN SIGNS

Winnipeg, Man., June 3.—Hundreds of strike sympathizers, parading the down town streets, yesterday tore a sign placed by the citizens' committee from the Board of Trade Building. Policemen and detectives prevented the crowd from forcing its way into the building.

DELEGATES ADOPT NEW CONSTITUTION

Second Day's Session of Virginia Federation of Labor

R. A. TUCKER SPEAKS

Measure to Reduce Representation in State Convention From 500 to 250 Defeated.

The second day's session of the Virginia State Federation of Labor, which is in session in the Opera House today was taken up with the adoption of a new constitution and by laws.

A number of changes are being made, and action in this matter was still under consideration when the Gazette report closed this afternoon.

The session this morning was presided over by G. L. Wilcox, state president.

An address on the workmen's compensation act was delivered by R. A. Tucker, chairman of the state industrial board.

The first fight on the floor in connection with the change in the constitution and by laws was an amendment to reduce the representation to the state convention from 500 to 250 This amendment was defeated.

Another measure defeated was one to refuse to seat any delegates after the first day's session of the convention.

The credential committee made its report this morning and it was adopted

Tomorrow afternoon the convention will end its delebrations with the selection of a city for the next convention and the election of officers for the ensuing year.

Many additional delegates arrived here after the convention convened.

ATTEMPT TO SPREAD STRIKE

Toronto, June 3.—An attempt to extend the strike movement to Eastern Canada is being made by the Metal Trades Council, according to a statement yesterday by R. C. Brown, president of the Council. THE GUNSTON HALL RETURNS.

The steel steamship Gunston Hall, recently launched at the plant of the Virginia Shipbuilding Corporation, returned to its pier early last night after a trial trip which began Saturday. The new steamer wended its way down the Potomac and ran as far up Chesapeake Bay as Annapolis. The Gunston Hall appeared off the Maryland capital as did the Great Eastern in 1859. An excursion steamer carried Alexandrians to Annapolis on that occasion to view and inspect what was at that time a marine wonder. Several of our citizens, now in advanced life were among those who enjoyed that excursion.

While the Gunston Hall attracted but little attention in upper Chesapeake Bay where many ocean steamers are passing and repassing daily, she was of more interest to Alexandrians of the present day than was the Great Eastern in the days of old, as she bears upon the stern the following: Gunston Hall, Alexandria, Va.," These words are also displayed upon the Betsy Bell, which was consigned to its elements a few days ago. Twelve large steel freight steamers will eventually sail with the same words upon them.

Back in the dim past many ocean-going sailing vessels hailed from Alexandria. But about the time the civil war broke out there was but one which hailed from this port. This was the brig Leni, which plied between Alexandria and West Indian ports. She was commanded by the late Captain Thomas Travers.

There was a spurt in our shipbuilding industry in 1876 which lasted until 1883, during which period several large sea-going schooners were constructed at this port. They also hailed from Alexandria. All of this fleet met disaster after a few years service, and from that period until recently no vessel upon the Atlantic hailed from this port.

It is a source of great satisfaction to all Alexandrians now living to realize that large modern steel ships have "of Alexandria" painted upon the stern.

WORK OF TERRORISTS

Dynamiters were at work in earnest last night. The home of Attorney General A. Mitchell Palmer, in Washington was shattered by a bomb, causing the instant death and dismemberment of the fiend who produced the explosion. The residences of Justices Hayden, of Roxbury, Mass., and Mayor Henry L. Davis, of Cleveland, were also badly damaged by bombs. In addition to these outrages dispatches from places in Pennsylvania and New England are to the effect that buildings devoted to religous services are special objects of hate to these modern terrorists, and that several Catholic churches have been destroyed or greatly damaged by bombs.

An explosion that shook West Philadelphia occurred last night about 11 o'clock in the rectory of the Catholic Church of Our Lady of Victory, Fifty-third and Vine streets. A second followed in a few moments, and it was reported that two bombs had been thrown into the building by some unknown persons. There are reports that some of the priests were injured and the building badly damaged.

The many horrible crimes which are being perpetrated in our day show that the world is passing through a dark chapter in its history. The terrible war is over, but teh aftermath is upon us, when the stealthy dynamiter is prowling around dwellings and churches watching an opportunity to visit his hatred upon every one who is a champion of right.

This up as tree, which first appeared in Russia is spreading its branches in all directions. Outlaws would inaugurate a reign of terror throughout the world, not only rendering thrones unsafe, but every political position also.

The red-eyed, long-haired anarchist, who has brought woe elsewhere, would bring about conditions in the United States similar to those now in evidence in the land of the Muscovite.

MAN AND THE ELEMENTS

Books on cosmogeny contain terrifying pictures of conditions upon the earth before man trod upon it. According to these works, the earth was too hot for human habitation, although huge animals of types long extinct are represented as prowling about. Perpetual thunder storms were in evidence. While the latter are not as fierce as at the beginning, they still play their part in meteorology.

Man has brought many inventions into the world. He is defying the law of gravitation, in talking through the air and accomplishing many wonders which would have been regarded as witchcraft in the days of the Pilgrom Fathers. The latest alleged discovery will, it is said, increase the sound of a human voice to that of the discharge of a cannon.

Yet man is today, after about six thousand years' experience, as much at the mercy of the elements as were Adam and Eve. They are at times as terrible as ever. Like the tongue, no man can tame them.

A contemporary in this connection says that man has sent the perfected workmanship of his own hands winging through the air; he has taken steel and linen and wood, ten tons of it, and fashioned it into a machine that will fly across the Atlantic. He has sent his submarines under the water; he has tunneled the mountains, bridged the rivers, cleared out the wilderness, sent his thoughts and his voice through the air for thousands of miles. But for all this, he has gained not one iota of control over the weather. He has invented many and costly habiliments to protect him from the sun and rain, the heat and the cold; but he has made not the slightest step in the direction of taming the elements themselves.

APPEAL TO FOREIGNERS

The Chief Bugomaster of Berlin wishes foreigners to recognize its advantages as a pleasure resort and hasten theer to spend their money. He is pleased to announce that the German capital has suffered very little from those "accidents of war" that damaged other cities of Europe, and that for the entertainment of visitors it wil soon present its old smiling face.

Strangers seeking the lighter side of life will be subjected in Paris to the sight of churches, hospitals and dwellings that were struck by shells fired by the Teutons' big guns. In London they will constantly be reminded how the Zeppelins' bombs killed hundreds of men, women and children. Only Berlin has escaped untouched, by war, as its Chief Burgomaster proudly boasts. Its charms remain undiminished.

Can the outside world resist the temptation to share with the inhabitants of Berln the delights of their city?

The only question is whether, if the German peace delegates refuse to sign the Versailles terms, the Allied armies may not find it necessary to visit the German capital before excursion trains start running from Belgium and France—(New York World.

LOCKS TELLER IN VAULT

Bank Robber in Louisiana Escapes With $15,000

New Orleans, June 3.—Shortly before the Interstate Bank and Trust Company branch bank in Algiers opened for savings deposits yesterday evening an elderly man held up Joseph P. Rosamano, teller, obtained $15,000, locked Rosamano in the vault and escaped by taking the ferry boat to New Orleans.

Twenty minutes after the robbery a runner from the main bank in New Orleans arrived and heard the teller beating on the vault doors and gave the alarm.

Rosamano, when released from the vault, said the robber knocked on the door for admission and with a revolver forced him to place all currency of the bank in a satchel. Several thousands in silver was not touched.

Dr. Frederick Jacobson says, 75 per cent of women need Phosphates to give them Strong, Healthy, rounded figure and to avoid Nervous break down. Thousands of women grow strong in Nature's way.

"Consider the Lilies of the Field, How They Grow."

The life of the lily is but a few weeks or months. The life of woman is "three score years and ten." But to live one's life in its fullness, women like the lily, must be nourished by those same vital elements which nature provides for nourishing every living thing; and these include the valuable phosphates so often lacking in the usual food we eat today. Argo-Phosphate is rich in these wonderful elements. It contains them in concentrated tablet form which is easy to take and quickly assimilated and absorbed into the system, and from youth to old age, builds and rebuilds body and brain in beautiful harmony with Nature's perfect plan. "That's why" Argo-Phosphate makes good solid flesh and muscles.

SPECIAL NOTICE: Argo-Phosphate contains the Natural phosphates which thousands of physicians are prescribing daily to build up thin, pale, colorless women to give them rosy cheeks, red lips, and a beautiful complexion. Many cases have been reported where women have increased their weight from 15 to 25 pounds with a few weeks treatment, and any woman who desires a well rounded and developed form, should secure from her druggist, this new drug which is in-expensive and is dispensed by Richard Gibson and The Rexall tore, with or without a doctor's prescription. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

Corns, Calluses Quit Quick!

Two Drops of "Gets-It" Will Do It.

Ever hand-carve your toe with a knife trying to get rid of a corn? Ever use scissors and snip off part of the corn too close to the quick?

"Gets-It" Puts Your Feet in Clover —It Ends Corns Quickly.

Ever pack up your toe with "contraptions" and plasters as though you were packing a glass vase for parcel post? Ever use greasy ointments that rub off on your stocking? Ever use sticky tape that gets jerked off when you pull your stocking off? Kind o' foolish, when 2 or 3 drops of "Gets-It" on any corn or callus gives it a quick, painless, peaceful, dead-sure funeral! Why putter and suffer? "Gets-It" stops corn pains, it lets you work, smile and dance, even with corns. It's the common-sense way, the only simple, easy way—peels corns off like a banana peel. Used by millions. It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store M'f'd by E. Lawrence & Co., Chicago, Ill.

Sisters And Their Husbands Victims of Columbus (Ohio) Tragedy

Columbus, Ohio, June 3.—Four persons were instantly killed here Saturday when the automobile in which they were riding was hit by a Big Four train at the North Ogden Avenue Crossing.

The dead are:

Mr. and Mrs. W. A. Houden, of Detroit, and Mr. and Mrs. John Courtright, of Columbus.

The dead women were sisters. The Houdens were visiting the Courtrights, and they had driven dow ntown to witness the parade of the Three Hundred and Twenty-fourth Artillery, which had arrived from France.

The machine was smashed to pieces and dragged a distance of several hundred yards.

ENFORCED REST

Senator Martin's Heart Weakened by Attack of Influenza

Senator Thomas S. Martin, of Virginia, minority leader of the Senate, is in the hospital of the University of Virginia, whither he has gone for medical examination and an enforced rest. His friends said last night that he probably would no treturn to his duties at the Capitol for some time.

Last February Senator Martin sustained a severe cold that developed into an ugly attack of bronchitis. This attack weakened his vitality somewhat and for a long time his colleagues have noted his pallor and the fatigue that followed sustained effort, which was unusual to the veteran senator, who has been a worker of the best kind.

Recently Senator Martin was attacked by influenza, and his condition was noticed by his party colleagues during the session of the recent Democratic conference. The illness apparently had attacked the senator's heart, which accounted for the absence of that energy that for years has characterized his movements in the Senate. At the earnest solicitation of friends Senator Martin consulted a physician. He was advised that his heart action was bad; while there was nothing wrong organically, Senator Martin was advised to take a complete rest and lay aside his official cares.

Again at the insistence of his colleagues Seantor Martin was persuaded to follow this professional advice. Last Thursday he left for his home in Charlottesville and subsequently went to the hospital at the University, where he will be under the care of Dr. Davis. Here his heart will be subjected to a careful examination but above all the Senator will be required to enter upon a season of absolute rest and quiet. It was said last night there was no cause for alarm at his condition.

CHALONER LOSES SUIT

U. S. Supreme Court Sustains Washington Post in $10,0000 Libel Claim

The Supreme Court of the United States in a unanimous opinion rendered yesterday by Associated Justice James C. McReynolds, reversed both the District Supreme Court and the Court of Appeals of the District of Columbia in the case of John Armstrong Chaloner against the Washington Post Company, thereby setting aside a verdict of $10,00) rendered below in favor of Mr. Chaloner on account of an article alleged to have libeled him which appeared in The Post on April 3, 1909.

The article referred to the incident in which John Gillard was shot and killed while engaged in an assault upon his wife in Chaloner's home at Merry Mills in Albemarle county, Va., on March 15, 1905. It was claimed by Mr. Chaloner that the way in which the article was worded imputed to him the crime of murder in one of its degrees, and that it was, therefore, what it termed in law libelous per se.

In this view of the case, the courts of the District of Columbia concurred and the jury was directed to render a verdict in favor of the plaintiff.

MRS. ASTOR MARRIES PEER

First Wife of Col. John Jacob Is Secretly Wed to Lord Ribblesdale in London.

London, June 3.—Mrs. Ava Willing Astor, first wife of the late Col. John Jacob Astor, was secretly married Saturday to Lord Ribblesdale in the London Registrar's office. They are passing their honeymoon at Gisburne Park, Lancashire.

Since her divorce from Colonel Astor, who perished in the Titanic disaster, shortly after his second marriage, Mrs. Astor has spent most of her time in England.

After the second marriage of her former husband she adopted the name of "Mrs. John Astor" to avoid confusion of her name with that of the second Mrs. John Jacob Astor.

CONFERS WITH EX-KAISER

Amerongen, June 3.—Dr. Alfred Zimmerman, former German Secretary for Foreign Affairs, remained at Amerongen castle overnight Sunday night after conferring with the former German Emperor until late in the evening. Dr. Zimmerman was accompanied by Herr Schlubach, secretary of the German Legation at The Hague.

The former Emperor had another conference with the visitors this morning.

AUSTRIA GETS TERMS

Treaty Leaves Once Great Empire A Nation of Less Than 7,000,000 People.

St. Germain, June 3.—The conditions of peace of the Allied and associated powers, with the exception of military, reparations, financial and certain boundary clauses were handed to the Austrian plenipotentiaries at St. Germain yesterday. Those clauses which are not yet ready for presentation will be delivered as soon as possible, the Austrians in the meantime having the opportunity to begin work on the greater part of the treaty in an effort to facilitate a final decision.

Austria was given 15 days to reply to the terms of peace presented by the Allied nations.

The Austrian treaty follows exactly the same outline as the German and in many places is identical with it, except for the change in name. Certain specific clauses which applied only to Germany, of course, are omitted and certain new clauses included, especially as regards the new states created out of the former Austro-Hungarian empire, and the protection of the rights of the racial, religious and linguistic minorities in Austria, Czecho-Slovakia, Roumania and the Serbian-Croatian-Slovenian State.

Austria is left by the treaty a state of from 6,000,000 to 7,000,000 people inhabiting territory of between 5,000 and 6,000 square miles. She is required to recognize the complete independence of Hungary, Czecho-Slovakia and the Serbian-Croatian-Slovenian state, and to cede other territories which previously in union with her, composed the empire of Austria-Hungary with its population of over 50,000,000 people.

Austria agrees to accept the league of nations covenant and the labor charter, to renounce all her extra-European rights, to demobilize her whole naval and aerial forces, to admit the right of trial by the Allied and associated powers of nations guilty of violating the law and customs of force and to accept detailed provisions similar to those of the German treaty as to economic relations and freedom of transit.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nausea, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarlem Oil Capsules. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL Haarlem Oil Capsules are imported from the laboratories at Haarlem, Holland. Do not accept a substitute. In sealed boxes, three sizes.

CHEER ANTIDRYS

Parade of 25,000 Voices Protest—Speeches Follow

Baltimore, Md., June 3.—More than 25,000 persons participated in the protest parade yesterday arranged by the Anti-prohibition organization and 100,000 more lined the route cheering the men and women in line most of whom marched under a broiling sun for two hours at Monument park.

The remainder of the evening was spent in merry making and speech making. Among those who made addresses were Mrs. E. Rooney, the first woman advocate of personal liberty, and General Coxey, both of whom paid their respects to congress and the drys generally. These celebrities were featured in the parade. At the city hall the marchers were reviewd by Acting Mayor Bryant, A remarkable feature was the great numer of women who participated Of the more than 1,000 automobiles trucks and wagons, fully 200 were filled with representatives of the weaker sex.

The saloon-keepers also did their part to make the demonstration a success. They closed their doors during the afternoon as requested, thus removing the temptation to drink.

RESPECT DOUGHBOYS

German Shopkeepers Wax Fat on Profits Derived From Souvenir Buying Soldiers

If the American advance further into Germany the soldiers will find some of the civilians awaiting them with open arms.

German newspapers from the district opposite the Coblenz bridgehead report that storekeepers in the villages are arranging displays of various kinds of souvenirs in anticipation of the arrival of the Americans, the merchants having heard glowing accounts of the souvenir-seeking habits of the doughboys and their disregard for money.

One newspaper from unoccupied Germany cautions the poulation not to look upon the advancing soldiers with enmity in the event that the Americans go ahead pointing out the advantages to be derived from the arrival of the khaki-clad troops who will bring with them an abundance of food.

The newspaper says that the Germans within the American area are supplied with better food than the civilians of any other occupied district and that the Coblenz and Treves Shopkeepers are waxing fat on profits derived from souvenir buying soldiers.

AUTOISTS FINED $73,697

What the Traffic Court of Baltimore city has done in a financial way since its establishment a year ago is shown in a report made yesterday by Judge Staylor for Motor Vehicle Commissioner Baughman.

It shows that in the 12 months ending May 31, the cash receipts aggregated $73,697, and that of this amount the state received 61,408. the remainder going to the city of Baltimore for traffic law violations and to the Police Board, which under the law receives the costs for special funds.

The section of the law that brought in the most cash was that prohibiting a driver from operating a car while under the influence of liquor, This brought in $11,315 in fines, not to count the costs.

INCREASE ALLOWED

Supreme Court Reverses Lower Tribunal Decision on Raise Made Last June

Washington, June 3.—Railroad freight and passenger rate increases made by the Railroad Administration last June were yesterday upheld by the Supreme Court.

North Dakota Supreme Court decrees enjoining the Northern Pacific Railroad and Director General Hines from enforcing an order of the Railroad Administration increasing rates in that State were reversed.

The Court also set aside lower court decrees, which held that under section 15 of the railroad control act, pre-existing intra-state rates remained in effect as lawful police regulations.

The court held that the authority conferred by the resolution and the act were war powers conferred on the President and that the power of the Federal Government was "supreme and conclusive." The opinion was unanimous.

The decision resulted from appeals brought by the Government from North Dakota Supreme Court decrees enjoining the Northern Pacific Railroad in that State as well as Director General Hines from collecting the increased rates. The proceedings were originally instituted by North Dakota authorities, who contended the rates were illegal and made without the approval of the State Board of Railway Commissioners as required by the laws of that State and for that reason the Federal Government's action was an interference with State police powers.

END OF STRIKE IN SIGHT

Settlement Likely Within a Few Days, Leaders Announce

Winnipeg, Man., June 3.—Settlement of the general strike here is likely to occur within a few days, Mayor Gray and H. B. Russell, strike leaders, declared yesterday.

Premier Norris was not so hopeful of a speedy settelment, but said he believed mediation by railway men and ronmasters may hasten an end.

Severe storms during the last twenty-four hours have seriously damaged wire communications.

Martial law was seen as a possibility yesterday. Three thousand returned soldiers marched to the government building to demand enactment of a collective bargaining law.

"Mounted police are ready for instant service," Mayor Gray announced as the ex-soldiers gathered at the city hall.

Parade leaders said they will hold similar demonstrations each day until Premier Norris grants their demands for a special session of the provincial legislature.

The parades held a preliminary meeting, in which they denounced government authorities for failure to act in settling the general strike.

NO HOPE OF AGREEMENT

Rantzau Says Germany Can't Fight But Will Say No.

London, June 3.—Count Von Brockdorff-Rantzau, when asked by a representative of the European press bureau whether he believed the German counter-proposals would lead to negotiations, according to a Berlin dispatch to the wireless press, said he had cured himself of the habit of believing in such things.

Asked whether he considered unbridgeable the gulf between the Allied demands and the German offers, the Count replied:

"This question itself is based on a controversy of principles on which no agreement can be reached. It is possible to be of different opinion about the resources of Germany, but there exists no agreement about the question whether this nation is to do penance as a criminal or to fulfill its obligations as a party to the treaty.

"If in October, 1918, an avowal of its sins had been laid before the German nation for its acceptance instead of a preliminary treaty regarding the foundation of peace, it would have continued to fight. At present Germany cannot fight any more, but she can still say no."

NOT LONG A WIDOWER

Scranton Man Weds Mother of 12 Within 24 Hours of Wife's Burial

Scranton, Pa., June 3.—His wife buried only 24 hours previously, William Witunkas, 49 years old, of North Scranton, was married yesterday to Mrs. William Wasilauskas, aged 40, a widow. Rev. John Kuras, pastor of St. Joseph's Lithuanian Catholic Church, who officiated at the funeral of Mrs. Witunkas No. 1, tied the nuptial knot for Mr. Witunkas and wife No. 2. The latter is the mother of 12 children, only four of whom are living.

COAL, LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO., INC.

It is Worth Thinking Over

Building and improving is being done on a much larger scale than had been expected in practically all parts of the country by experienced men who have given this work their careful attention for years.

This means that a great many people are convinced that well planned building and improving is a wise and safe way to invest money today.

We have felt so sure of a good demand for LUMBER, MILLWORK AND BUILDING MATERIALS that we have large and well assorted stocks on hand and for the present will not be effected by the shortage of certain grades at the mills and by the increase in prices on these grades.

We are glad to be able to give our customers advantage of this condition and are splendidly equipped to handle all orders promptly and with care.

DEAD AT THE WHEEL

Kennebunk, Me., June 3.—A big automobile hurtling through the night at high speed, with a dead man at the wheel, narrowly missed colliding with several machines on the State Highway near here Saturday night.

The big car was seen speeding along the road, swerving from side to side. Finally, it crashed into a tree.

Persons who rushed to the scene found the driver, Charles Grindal, dead. A physician declared that he had been dead several minutes before the car collided with the tree.

RUSHING VALUABLES

Wealthy Persons, Fearing Confiscation, Smuggle Billions in Security

London, June 3.—Fearing confiscation of capital by the Austrian government to meet the reparation payments demanded by the peace treaty, many wealthy Austrians are reported to be smuggling large quantities of securities across the border into Switzerland. Securities valued at $1,000,000,000 are reported to have been already transferred across the frontier.

Aeroplanes are being used in some cases to transport jewelry, securities and other valuable property out of reach of the Vienna government, according to Swiss correspondents. Several wealthy Hungarians, seeking to keep their money and valuables out of the clutches of the Soviet leaders, are reported to have sent consignments to Vienna by aeroplane, with instructions for their transfer across the Swiss frontier by neutrals There have been hints that the Vienna government is winking at this traffic in order to be able to prove that Austria is bankrupt and unable to pay any large indemnity.

TRAIN LEAPS INTO CREEK

Twenty-five members of Casual Company, Plunged Into Stream in Nebraska

Omaha, Neb., June 3.—Twenty-five out out of 276 casuals, including five officers and one Y. M. C. A., secretary, all members of the Five Hundred and Fifty-seventh Hoboken Casual Company were slightly injured early Sunday when five of the coaches bearing them to Presidio, San Francisco plunged down a thirty-foot embankment into Salt Creek, about a half mile east of Ashland, Neb. The men were taken to Fort Omaha.

TWO DROWNED

A. Garner Smith And George Bull Die Near Cape Charles

Cape Charles, Va., June 3.—A Garner Smith, aged 20, son of A. H. Smith, and George Bull, aged 19, son of Thomas Bull, both of Keller, Va., were drowned in Puntgoteague Creek Sunday afternoon near Boggs' wharf, when a boat in which they were rowing with two companions capsized. Smith lost his life in rescuing Toby Mears, aged 12, one of the occupants of the boat, as the lad was about to drown. After he had handed the boy safely he fell into the water from exhaustion.

The boat sprang a leak, and, turning on its side, threw all occupants into the water. Smith was the only one who could swm. The bodies were recovered.

DIES AS PLANES COLLIDE

Lieutenant And Corporal Are Killed in Fall Near New Haven, Conn.

New Haven, Conn., June 3.—Brother faced brother in a farewell glance from two airplanes as the machines crashed together 1,000 feet above the earth here Sunday. Then one of the planes dove straight downward, and the other, crippled, was compelled to land so surriedly that it was badly smashed.

A few seconds after the collision one of the brothers, Lieutenant Melvin B. Kelleher, 23, of Franklin, Ind., was dead. Another victim of the tragedy was Corporal Joseph Katzman, 21, of Brooklyn, an aviation mechanic. Four other flyers who survived declined to discuss the affair before rendering an official report. It is known, however, that one was Corporal Kelleher, brother of the officer.

COBLENZ CAPITAL OF RHINE

New Republic is Anti-Prussian, Proclamation Says—Is Not Separatist Movement.

Paris, June 3.—The Allied forces of occupation will take no part in the movement for the establishment of a Rhine republic, the Journal says. The Allied Powers will observe an attitude of watchful waiting.

Coblenz will be the capital of the Rhine republic, which was proclaimed Saturday in several Rhine cities. The new Government and National Assembly will meet there but the provisional Government will sit at Wiesbaden. Portions of the proclamation have been telegraphed to the Echo de Paris from Metz by Maurice Barres.

One significant section follows:

"We declare the autonomous Rhenish Republic to be founded in the bosom of Germany. It is a pacific republic which is composed of the Rhenish Province, Old Nassau, Rhenish Hesse and the Palatinate. The foundation rests on the following bases:

"First—The frontiers will remain the same, including Birkenfeld.

"Second—Changes in frontiers can be made only with the approval of other nations interested as established by a plebiscite.

"Third—The provisional government of the Rhenish Republic is exercised by the undersigned delegates of the people.

"Fourth—Elections for the Rhenish National Assembly will be held without delay, according to the methods of the German National Assembly.

"Coblenz is to be the capital of the new government and the National Assembly will meet there. The provisional government will sit at Wiesbaden. Local authorities will continue to exercise control for the time being. The provisional government will take the place of the central government and the Prussian, Bavarian and Hessian governments."

Another passage shows the movement not to be separatist but anti-Prussin. It says:

"Violence from whatever side must disappear. The Rhenish people honestly and sincerely wishes peace based on a reconciliation of all peoples. That is why it separates itself from the institutions which are the bases of so many wars, feudalism and militarism. It thereby eliminates an obstacle standing in the way of a genuine peace."

WIRE WORKERS' WALKOUT

May Prove to be a Forerunner of a Nation-wide Strike

"The walkout of wire workers at Atlanta is a forerunner of a nation-wide strike, unless their demand for the reinstatement of discharged members of the union is granted by the Southern Bell Telephone and Telegraph Company.

This statement was made by President S. J. Konenkamp, of the Commercial Telegraphers' Union of America, in an interview with a representative of Washington paper last night.

"While the Atlanta situation at present only affects the employes of the Southern Bell Telephone and Telegraph Company," he said, "unless some satsifactory adjustment of their difficulties can be found the national organization will be forced to take action."

President Konenkamp arrived in Washington yesterday morning from Montreal, to consult with Postmaster General A. S. Burleson in regard to the Atlanta strike and its probable national effects.

NORWAY REFUSES TO JOIN

Paris, June 3.—Norway has refused to join in a blockade of Germany in case the German delegates refuse to sign the peace treaty.

Stimulate Retail Sales

ADVERTISE

U. S. Department of Labor

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

The Mission of Swift & Company

Swift & Company has become one of the large businesses of the world through continuing to meet the growing needs of a nation and a world.

Society has a right to ask how the increasing responsibilities and opportunities for usefulness which go with such growth are being used by the men who direct its affairs—and the men have the right to answer:

To promote the production of live stock and perishables and increase the food supply;

To reach more people with more and better meat;

To make a fair competitive profit, in order to reimburse the 25,000 shareholders for the use of their capital, and to provide for the future development of the business;

To reduce to a minimum the costs of preparing and distributing meat and to divide the benefits of efficiency with producer and consumer;

To live and let live, winning greater business only through greater usefulness, with injury to nothing but incompetency, inefficiency, and waste; to deal justly, fairly, and frankly with all mankind.

These are the purposes and motives of the men who direct the policies and practices of Swift & Company.

RICHMOND—TOM MIX

If you are interested in the old days when justice, crippled and staggered, was fighting its way through the vast region of the West, don't miss the new Tom Mix picture, called "The Coming of the Law," which shows at the Richmond tonight.

This photoplay, which has not only thrilling drama, but many comedy situations, is based on the book of the same named by Charles Alden Seltzer. Besides being a good story with plenty of adventure and romance, Mr. Mix has added to it many a sensational stunt. It is one of those pictures where courage and a cool head win their way against sheer rascality.

TO TRY ACCUSED CLANSMAN

Edgar Morris' Counsel Expected to Plead Mental Deficiency

Charlottesville, Va., June 3.—The case of Edgar Morris, the Greene County clansman, indicted April 21, for shooting to death Magistrate Bluford G. Sullivan, on March 29, in the Courthouse at Stanardsville, will be called Tuesday in the Albemarle Circuit Court, to which it was transferred by motion of his counsel, Charles S. Hammer, of Harrisonburg.

After the murder Morris remained hidden in the mountains of Greene until the report reached him that a military company was coming to Stanardsville and would later scour the county to find him. He was finally captured at Elkins, W. Va., on May 2 by Sheriff Marstello. He was brought back to Virginia by Sheriff Malone, of Greene, and taken to Stanardsville, where, on May 6, a day for his trial was set. Since that time he has been confined in the Albemarle jail.

Up to a few days ago Morris had a single atorney, but he has now materially added to his defense by securing the services of George E. Walker of the firm of Perkins, Perkins and Walker, of this city. The defense will probably be a lack of mental adequacy to a full understanding of his responsibility for the death of the Green county magistrate. Morris was regarded as unfit for military service In spite of a fine physique and his familiarity and ability with weapons, the examiners at the Southern camp thought the service would be better off without him.

WOULD CAGE GERMANS

Former French Soldier Tells What Should be Done With Huns

In view of the stout opposition of France to any cnecessions to the Germans by the Allies in the matter of peace terms, it is interesting to learn first hand just why the French people are so dead set against showing any favors to the Hun. In a letter to Harry S. Randall, of Baltimore, Jean Broustail, of Morlaix, France, late soldier in Marshal Foch's army and for time a prisoner in a German camp, writes: "I tell you there cannot be any eqaulity between Germans and other peoples, No more than between an eagle and a nightingale. When you hear a nightingale you are happy and you make yourself noiseless, but when you see an eagle you take your gun and fire at it. When you take an eagle you put it in a cage so that it could not do any harm. Germans also must remain in a cage whose bars will be our soldiers on the left bank of the Rhine and Poland at Danzig.

"In the same manner that an eagle cannot become a nightingale, Germans cannot become a good nation. Tell it in America."

NEW SOIL BY WIND ROUTE

One Storm in March Carried Millions of Tons From Southeast To East

One is reminded of a verse about little drops of water and little grains of sand by the estimate made, at the University of Wisconsin, that a single storm last March scattered at least a million tons of solid matter from the deserts of Arizona and New Mexico over all the northeastern United States, from Wisconsin to Vermont.

The infinitesimal particles of solid matter, swept up by the storm in the deserts, were carried on snowflakes, so many of them that "at least a million tons" is the term used to describe aggregate weight, and deposited wherever the snowflakes melted. The conclusion is reached by microscopic examination of unmelted snow in different parts of the country, in response to a suggestion sent out from the University of Wisconsin.

Oddly colored snow started the investigation; the sonwfall covered an area of at least 100,000 sqaure miles, and the estimate of solid matter conveyed and deposited is believed to be conservative. All of which emphasizes the importance of the wind, from time immemorial, in distributing soil over the earth.
